

# CARFAX® SERVICE LINK™ & VIN DECODING AVAILABLE TO ALL SOFTWARE CUSTOMERS

## How it works:

**1** Update your software to decode and validate a VIN when you accept the CARFAX end user license agreement.

**2** The VIN decoded identifies:

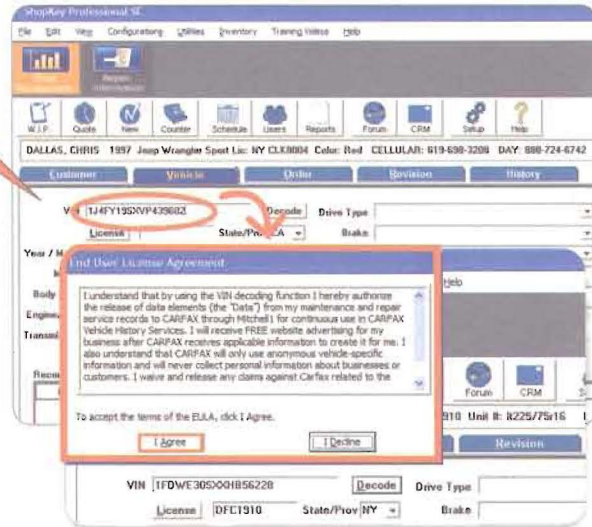

- the vehicle (year, make, model)
- sub-model (trim level)
- engine
- driveline
- other valuable vehicle information

Your shop can use the necessary detailed information (qualifiers) when ordering parts.

**3** Your software exports service data to CARFAX using only vehicle specific data.

**4** CARFAX loads your service data into the Vehicle History database™.

**5** Your service data becomes free advertising on the CARFAX Report™.

**DETAILS**

A CARFAX Vehicle History Report is based only on information supplied to CARFAX. CARFAX checked over 4 billion vehicle history events and found **9 records** for this 2001 FORD TAURUS SE (1FBHP42L42G237264).

OWNER/MI	Date:	Mileage:	Source:	Comments:
09/29/2000			NCB	Vehicle manufactured and shipped to original dealer
