

Janco International Inc is one of the leading international providers of Software Technology in the Automotive and Automotive Aftermarket service industry. Since Janco's inception in 1981, the business has grown significantly by developing products and services. We have made strategic partnerships with customers like you. We have done this by listening to your needs, and then developing new innovative products for your business.

Mr. Jan White is widely recognized as being a provider of superior services and tailored software solutions that meet the specific requirements of our clients. He continues to work with other leaders in the automotive field like AAIA & AAIW, meeting International standards the world over.

We offer a wide range of software services within our StockTrac & Enterprise business products:

- Advanced Technology Support
- Management Assistance Software Programming Solutions
- Networking & Multi Shop Technology
- Advanced Web-Site Data Update & Retrieval Technology
- Thin Client & Hub Operations Solutions

Our Vision

Janco's vision is the pursuit of profitable technological software solutions for our clients. Janco is constantly seeking challenges and developing software technology to surpass our competitors, to stay "Ahead of Competition" in our respective fields. We have highly skilled personnel who develop new technologies. Janco takes pre-existing techniques to the edge of what was believed possible and beyond.

Janco will continue to do this by being:

Creative

All technology exists first in the idea. Our ability to think differently enables us to meet problems with creative solutions and achieve inspiring advancements.

Innovative

Being innovative is developing ideas into successful results. Several of Janco's pilot projects are now reality and well-designed beyond our competitor's capabilities. Our technology has been proven and documented through its actual application in real working environments.

Productive

Successful technology is efficient, cost-effective and timesaving. With our long experience in the automotive industry, Janco can perform highly complex operations by putting together the most productive and cost saving solutions.

The Company

Janco has facilities in US & Canada and sells throughout the world. Janco has 22 full-time employees, is a trusted provider of services and has long-term relationships with its customers. Companies like Midas Inc., Merlin's Franchising Inc., Tuffy Carx Inc., Carline Automotive Ltd, Mufflerman Ltd, and a host of others.

Legendary Technical Support

Janco has an industry-wide reputation for unparalleled customer service. Ninety-eight percent of all technical support questions are solved at the time of the call. Janco always goes that extra mile to insure complete customer satisfaction.

Company Motto: **Our software solutions are "Designed With You In Mind". See for yourself.**
